'Tis the Season for PET SAFETY TIPS!

COOKIES AND CANDY

Consumption of chocolate can cause agitation, vomiting, diarrhea, high heart rate, tremors, seizures and even death.

MACADAMIA NUTS AND WALNUTS

These nuts can cause severe lethargy, increased body temperature, vomiting, tremors, joint stiffness and the inability to walk.

HOLIDAY DECORATIONS

Tinsel, ribbon and similar decorations can cut up the digestive tract and cause intestinal obstruction. Ornaments should be kept off low-lying Christmas tree branches.

LIGHTS AND CANDLES

If your pet can reach them, they may be a fire hazard if knocked over.

ALCOHOL

Alcoholic drinks may cause vomiting, disorientation, diarrhea, lethargy, lack of coordination, difficulty breathing, tremors, coma and seizures.

GRAPES, RAISINS, AVOCADOS, ONIONS AND GARLIC

These can cause lethargy, lack of appetite and vomiting.

ARTIFICIAL SWEETENERS

Sugarless gum and artificially sweetened treats may cause vomiting, lethargy, loss of coordination, seizures and liver failure.

FATTY TRIMMINGS AND BONES

Pets may experience vomiting and diarrhea. Fatty foods can also promote pancreatitis. Swallowed bones can cause stomach perforation and painful constipation.

HOLIDAY PLANTS

Holly, mistletoe and poinsettias may cause irritation, vomiting, diarrhea and heart arrhythmia in both cats and dogs.

ELECTRICAL CORDS

If chewed, live electrical cords can cause burns in or around a pet's mouth, difficulty breathing, seizures and cardiac arrest.

HAVE QUESTIONS? PLEASE CALL YOUR VET. FOR SUSPECTED POISONING, YOU CAN CONTACT THE **ASPCA POISON CONTROL HOTLINE: (888) 426-4435.**
